Typhan XLT1

Maximum cut resistant liner with crinkle latex palm coating.

The all new Typhan XLT1 provides maximum ISO Cut F protection and excellent dexterity with a 13 gauge liner. The Patented XREY™ yarn has one of the highest strength to weight ratio of any fabric on the planet and allows it to remove the need for any glass or steel within the liner - removing the chance of any irritation for the wearer as well as removing the most CO2 producing components of a cut resistant product. The premium blue crinkle latex coating is excellent for use in wet or dry environments, coupling enhanced grip with excellent abrasion resistance.

≥ 5	B
> 2	A

EN407:2020

EN511:2006

* For details regarding maximum permissible user exposure, see separate sheet.

¹ Testing carried out on the palm material. Except in cases where the glove is equal to or over 400mm - where the cuff is tested also tested. ² 'X' denotes Not Tested. ³ Where applicable, EN388:2016 scores take precedent and are ongoing. There is no correlation between coupe test levels and ISO 13997 / TDM cut test levels. Where both EN388:2016 and EN388:2003 scores are shown, the latter is shown for informational purposes only.

FURTHER INFORMATION

STORAGE / TRANSPORT: Keep away from direct sunlight; store in a cool dry place. Keep away from ozone sources or naked flame. Store the gloves in their original packaging. During transportation, ensure the product is well packaged and protected in order to prevent any damage.

PRECAUTIONS BEFORE USE: 1. Never use these gloves with chemicals. 2. Gloves should not be used when there is a risk of entanglement with moving machine parts. 3. Before usage and periodically during usage, inspect the gloves for any defects or imperfections. Avoid wearing damaged, dirty or worn out gloves. 4. The gloves should not come in contact with a naked flame or fire. 5. Do not subject to high speed or serrated blades. 6. Always read enclosed user instructions before using these gloves. 7. Whilst these gloves are highly cut resistant, they are not cut proof. 8. The information provided is for products in a new condition and does not reflect the actual duration of protection in the workplace. 9. Service life cannot be specified and depends on the application and the responsibility of the user to ascertain suitability of the glove for its intended use.

CONSTITUENTS / ALLERGIES: Some gloves may contain ingredients which are known to be a possible cause of allergies in sensitive persons who may develop irritant and/or allergic contact reactions. If an allergic reaction should occur seek medical advice immediately.

WARNING: This product contains natural rubber latex which may cause allergic reactions. If affected, discontinue use immediately and seek medical advice.
